

To our Land Title Clients:

The last few weeks have been unprecedented and a learning experience for us all. We here at Land Title Company have come together in the most phenomenal way. We have an amazing staff that is focused on staying healthy and practicing safe habits for not only our families but for our clients as well.

Our offices are currently fully staffed, granted with some exceptions for childcare and family care, but all in all, we are able to continue doing business in the manner our clients expect.

I have instructed all of our offices to close their lobbies to unscheduled walk-in traffic and we are encouraging people to engage with us via phone and email to protect the health of our staff and customers. We have also implemented sanitizing protocols for the protection of our staff and clients. We know that human in-person contact is a necessity in these transactions, and we are going to make it as safe and easy as possible.

You also may be aware that our Kitsap County Treasurer, Auditor and Assessors offices have closed to walk-in traffic. Our current business practices already utilize E-Recording and DocuSign, to facilitate closings and limit in person interaction. We will continue to expand the use of these programs as we can.

I am actively looking at additional technology to implement, which will help us facilitate transactions during this trying time, and in the future. I can see that while this situation can seem stressful for all parties, we will come out of this situation with more knowledge and be able to provide a better service for our customers in the future.

Each day I assess the changes that are within our control, and I am positive that Land Title Company will adjust accordingly as we navigate each day.

Thank you for your business.

Kris Mihulka

President

Land Title Company of Kitsap County
